Summary — Motivated Java Developer proficient in Java and Spring Boot, with a strong foundation in developing scalable applications and a solid grasp of software engineering principles. Eager to leverage technical skills and a problem-solving mindset to contribute effectively in a dynamic development environment. Passionate about continuous learning and quick adaptation to new technologies, aiming to drive innovation and efficiency in software solutions.

Experience

Company – Xenosis & Zidio

December 2023 – 2024, Bangalore

Java Developer intern

- Created and delivered customized Java projects for college students, enhancing their academic projects and practical learning experiences.
- Developed software solutions to solve complex problems, helping students grasp fundamental and advanced programming concepts.
- Managed project requirements, coding, testing, and deployment, ensuring deliverables met educational standards and objectives.
- Provided ongoing support and modifications based on feedback, improving usability and functionality according to specific academic needs.

Projects

Blog--Application

- Developed a scalable blog application using Spring Boot, Java 8+ and MySQL.
- Designed and implemented RESTful APIs for creating, reading, updating, and deleting blog posts with Spring Data Jpa and Hibernate, Secured the application with JWT-based authentication using Spring Security.
- Technologies Used: Java, Spring Boot, AWS EC2, Tomcat, Postman.

E-Commerce Website

- Engineered a full-stack e-commerce platform using Java with Spring Boot, enhancing data management and security with Spring Data JPA and Spring Security.
- Developed dynamic front-end interfaces using React, JavaScript, and styled with Material UI and Tailwind CSS for an engaging user experience.
- Integrated Cloudinary for robust image management, ensuring efficient storage and retrieval of high-quality product visuals.
- Utilized MySQL for database operations, optimizing performance and scalability of user and product data handling.
- Implemented advanced search and filtering capabilities, resulting in a 40% increase in user satisfaction and streamlined shopping experience.
- Technologies: Java, Spring Boot, Spring Data JPA, Spring Security, React, JavaScript, Material UI, Tailwind CSS, MySQL, Cloudinary.

Education

Bachelor's in Computer Science

Visvesvaraya Technological University

2023

7.5 GPA

Pre-University Course

AST PU College, Malladihalli, chitradurga holalkere

2019

76%

SSLC -- SSJVP school and college santhebrnnur

2019

Certifications

- Java Full Stack – Pankaj sir Academy
- Fundamental of JavaScript - Geekster

Skills

Programming Languages: Java, Core Java, JavaScript

HTML, CSS, OOPs

Frameworks: Spring Boot, Spring Data JPA, Spring Security, Spring Core, node.js, Hibernate, JWT

Databases: MySQL, MongoDB

Tools: Git, GitHub, Maven, Micro services, Restapi
